Create a portal login if you don't have one.

You may not complete investor applications with the same login used for the business certification application. Applicants associated with a business need to consider that investors and their affiliates may only hold 30% of the voting power in the business prior to the qualified investment, and 50% following.

Your starting point for the Investor Pre-Qualification Application is the <u>OEDIT Application</u> <u>Portal</u>.

On the OEDIT Application Portal Login Page, enter your username (typically your email address) and your password.

Review the tips for working in the application portal.

If you don't remember your password, click on the text "Forgot Your Password?" to be emailed a temporary password. If you do not immediately see the email, check your spam folder.
